## Time and Attendance Company, PeopleNet, Announces Partnership with COATS

Atlanta, GA – June 15, 2010 — Today, PeopleNet, the Atlanta-based national time and attendance firm focused on the staffing industry announces its partnership with COATS, the first fully integrated, front and back staffing software application designed specifically for the Windows operating system. Through the partnership, PeopleNet will provide time and attendance solutions to Coats clients which will integrate seamlessly into Coats front and back office automation systems.

“We are extremely pleased to partner with a company, like PeopleNet, that shares our commitment to the staffing industry,” says Karen Connor, VP of Sales, of Coats. “This integration will provide our clients with a complete technology solution to enhance their business.”

Gordon Pettit, Business Development, of PeopleNet states, “We are always thrilled to partner with companies like Coats, which share our focus on providing innovative products and services to the staffing industry.”

### About PeopleNet

Founded in 1990 and based in Atlanta, Georgia, PeopleNet is the national leader in time and attendance for temporary staffing and employment agencies. With millions of users and hundreds of agencies turning to PeopleNet, the company is known for fair, friendly and forward-thinking business practices that help agencies streamline operations and build a better bottom line.
